## Publications.

Strategic Risk Communications Defined In 2000, Health Canada published its Decision-making Framework for Identifying, Assessing and Managing

Health Risks DMF to help guide the Department's risk management efforts. Given the perceived risks associated with the food we eat, chemicals in the environment, and modern technologies - this text argues that consumers need explanations of the nature of those risks, but rarely get them.

### **Mad cows and mother's milk : the perils of poor risk communication**

Canadian government regulators and those in the cattle industry have failed to correctly assess the risks of the disease in the Canadian herd, take the precautionary measures needed to prevent the spread of disease, and communicate risks and precautionary measures to the public.

### **Dam Risk Management**

All information will be stored in anonymous and non-identifiable formats and each of the studies will commence only after obtaining ethical approval from competent ethics committees.
