Godly Kingship in Restoration England: The Politics of The Royal Supremacy, 1660

Firstly, a significant proportion of the Anglican hierarchy opposed concessions. Paradoxically, though, while the debate in his reign about supremacy drew on Henrician, Edwardian, and Elizabethan statutes, there was strikingly little discussion of Marian rule. Boshier, The Making of the Restoration Settlement: The Influence of the Laudians, 1649—1662 1951.

Thomas Cartwright (1535)

Religious views had a significant impact on political alignments, but royal policies could push these in unexpected directions. Lamont, Marginal Prynne, 1600—1669 1963. They did, however, mark a shift not only away from papal authority but also from the ecclesiastical supremacy of a general council.

Thomas Cartwright

Divine right episcopacy and divine right monarchy grew up together, not least because they shared the same enemies papalism and Presbyterianism.

Thomas Cartwright (1535)

Unless otherwise specified, quotations are taken from Stowe MS 424. . Reassertion: 1603—1642 67 episcopacy and monarchy permitted his paradoxical impeachment both for upholding royal authority and for subverting it.
