Prevalence of 25-hydroxyvitamin D deficiency in subgroups of elderly persons with anemia: association with anemia of inflammation. De Oliveira GS Jr, Schink JC, Buoy C, et al.

Experimental chemotherapy against canine mammary cancer xenograft in SCID mice and its prediction of clinical effect

Wahlberg E, Karlberg T, Kouznetsova E, et al. Crawford J, Cella D, Cleeland CS, et al.

Experimental cancer treatment

Management of anaemia and iron deficiency in patients with cancer: ESMO clinical practice guidelines.

Chemotherapy

In China it has CFDA approval and over 180 treatment centres have been established in China, Hong Kong, and Korea. Cabozantinib overcomes crizotinib resistance in ROS1 fusion positive cancer.

Experimental chemotherapy of paragonimiasis. A review

It may be helpful to arrive for your first chemotherapy treatment well rested. The careful characterization of anemia and associated clinical parameters is essential to establish management strategies, and other potentially remediable comorbidities should be identified and corrected.
