Do Me, Baby (letra y canción)

Eddie's CD is hard to get a hold of now and it was not a big seller back in the day.

Do Me Baby (CD)

I suspect it's music alone that Prince borrowed--but whatever the borrowing is and there's not a whole lot to the song, really, it's enough that people beyond Andre have been quoted as recognizing it.

Do Me, Baby

. Some musicians just came into the studio, I played it for them and we all are floored. So Morris tells the truth but Andre and Pepe are liars? Like so often, we found where P got his 'inspiration'.

Do Me, Baby Lyrics

And that's even if Hazel's track never existed, for those who insist on bringing it up. One of my favorite Prince songs coming from another source other than Prince or someone in his camp.

His releases have sold over 100 million copies worldwide. Great spot Richardson - new one on me! I really don't know how to post a link where people can listen to the track, other wise I would. I did not even know that Eddie Hazel had an album out until 3 days ago.

Do Me Baby (CD)

He said Prince rocked it up and that one day he may release his version. If it's Cymone's track it would at least make more sense to me. That's part of why I'm glad Jesse's decided to release fuller descriptions and some demos of Time songs that began with him--true, he tends to admit that while his work was the germ, Prince did a whole lot to move from that germ to the completed song.

Ball Greezy

That is not a beef. Words do have a meaning.
