Fast Cars, Cool Rides

Under the hood of the Venom F5 is an American-made twin-turbocharged engine; the result? Whether the school parking lot, auto-shop class, or the San Jose cruising scene, and whether the goal is personal freedom, racial solidarity, masculine power, or feminine rebelliousness, the car is the vehicle for the job, affording youth the symbolic and material means to solidify their identities within the context of global consumer culture. Handling that great power is what also helps make the R8 handle so well - an advanced AWD system.

Fast Cars, Cool Rides: The Accelerating World of Youth and Their Cars by Amy L. Best

Fast Cars, Cool Rides offers a rare and rich portrait of the complex and surprising roles cars can play in the lives of young Americans.

7 Fastest Cars in the World: Supercars Top Speed (2021 Updated)

For a long time, if anyone wondered what the fastest car in the world was — it was definitely this car. A jeremiad against the culture of consumption which, it is argued, infantilizes adults and corrupts children.

Fast Cars, Cool Rides: The Accelerating World of Youth and their Cars By Amy L. Best New York University Press, 2006. 260 pages. \$65 (cloth), \$20 (paper)

Drawing on interviews with over 100 young men and women, aged 15-24, and five years of research-cruising hot spots, sitting in on auto shop

class, attending car shows-Best explores the fast-paced world of kids and their cars. Other names are brand-new — but certainly worth remembering. Best's subjects articulate an intricate interplay of class, race, gender, and identity formation; she's given a great American institution its props.
