### Listed buildings at risk

.

### Pevsner Architectural Guides

At Brynkinalt in Denbighshire the addition of castellated towers and other feature now removed on a late 17th-century house was the work of another Shrewsbury architect. Gilar in Pentrevoelas These massive arched stone door were introduced at a time, probably around 1600, when stone walling was replacing timber framing and may encase an earlier timber structure.

### Category:Buildings in Wales

Notable schools include the largest secondary school in Wales , one of the most multi-cultural state schools in the UK , and the largest Welsh medium secondary school in Wales. Fox and Raglan considered that in Monmouthshire, the building of Sub-Medieval houses continued until around 1620.

### Unique buildings

Person's work can be recognised by the massive brick chimney stacks which have been added to the houses, the ornamental to the and in some cases the black and white painting on the brick work to give the impression of timber framing

### Books from Architectural Guides: Buildings of

To the west lie and , which have some of the largest housing estates in the United Kingdom. Shayler, together with other architects in his practice were patronised by and were responsible for a series of Institute buildings in Montgomeryshire, as well as restoring a number of half timbered buildings such as the Mermaid in Welshpool and in Machynlleth. The fort may have been abandoned in the early 2nd century as the area had been subdued.
