He noted that there were only a few resources in which Greater East Asia was not self-sufficient. The report accused business of sabotaging the control associations by refusing to supply the best managers, denying government inspectors access to factories, and generally obstructing their smooth functioning. In exchange, they were granted preferential treatment, subsidies, financing, and a free hand in meeting state targets.

Koizumi, however, had a weak power base in the party and limited diplomatic experience. The authors of *Kamikaze: Japan's Suicide Gods* look into the hearts and minds of the Kamikaze pilots, viewed in the full context of the war and the Japanese cultures and traditions out of which the Kamikaze emerged.

Among those countries smaller in scale which lacked open uncultivated land and focused on restructuring developed areas, England attempted bottom-up type liberal planning to address the social problems of industrialization, whereas Germany pursued top-down planning primarily for the purposes of national defense. In terms of restructuring metropolitan areas in England, the challenges were multiplied. Welfare, production, and stockpile-related programs were viewed as future public revenue sources and should be funded by public debt.
