The Case for Shakespeare

As sixteen years pass, she grows into a kind of pastoral queen, revealing those traits of goodness and innocence that Shakespeare associates with the Golden Age.

Lectures On Shakespeare [PDF] Download Full

He craves to control other people's lives and then see their downfall. The driving force behind the action and characterization in Shakespearean dramas is not psychological consistency but audience reaction: this principle of pure expediency creates a nexus of seeming complexity for which critics are duly grateful as an opportunity to create elaborate rationalizations: religious, Freudian, existentialist, or whatever.

'MAYN'T A SPECTATOR WRITE A COMEDY?'' PLAYWRITING PLAYGOERS IN EARLY MODERN DRAMA on JSTOR

He then joins forces with his former enemy Aufidius, and the two of them lead an army to the very gates of Rome.

Shakespeare in Performance

It was a physical force.
