George Michael: the superstar who doesn't take life too seriously

They split up in 1986 and he went on to have a glittering solo career that also saw him collaborate with John, Aretha Franklin and Queen, after the death of Freddie Mercury. He first found fame with schoolfriend Ridgeley in duo Wham! I hope the Buddha will hold him in his arms. During the span of his impressive four-decade career, he sold nearly 100 million albums.

George Michael: Supermodels recall 'naughty' antics from 'Freedom!' music video

Careless Whisper, one of Michael's best known works, is at number 12 in the singles chart, but likely to move into the top 10 today. He also promised that it would be his last album.

Make It Big

If you value our work, please disable your ad blocker. Like Prince, he sang about the transcendental potential of human sexuality, and like David Bowie, he sought liberation through reinvention.

George Michael's music in Keanu: The singer was a black radio superstar in the 1980s.

Ridgeley would later become his partner in Wham!. The duo released their debut album Fantastic in 1983 and it was an instant hit. He first found fame with schoolfriend Ridgeley in duo Wham! George sadly passed away on December 25th, 2016 just from natural causes.

'Faith' proved George Michael was a superstar, 'Patience' proved he was great

Now - after the British superstar died in his home on Christmas Day - Michael's legacy seems to run in poignant parallel to those of other. The year 2016 has proven to be a year that has taken many beloved artists. The feature is now a staple of the American chat show, with stars such as Madonna and Michelle Obama having appeared, and attracts huge online audiences.

George Michael: Pop superstar dies at 53
