Students can also be supported to create live multimodal texts that reflects the diversity in languages and cultures within the school.

The roles of multimodal pedagogic effects and classroom environment in willingness to communicate in English

Port Melbourne, VIC, Australia: Cambridge University Press. I weave together points drawn from these prior studies to focus specifically on multimodal methodologies in order to unpack how these can reveal nuances about science participation that might not be visible in research that uses language-based analytic lenses, including the many resources that children draw on in interaction.

Multimodal Pedagogies in Diverse Classrooms: Representation, Rights and ...

It focuses attention on the forms of representation which are produced from the many cultural sources students have access to, and examines these resources for their meaning potential. Multimodal analysis: an interdisciplinary framework 3. Adding an explanation of how different linguistic and non-linguistic communicative forms combine to make meaning to the valuable work of the new literacy studies theorists, it has furthered the much-needed understanding that we can no longer look solely at texts in order to discern meaning or meanings.

Creating multimodal texts

She shows the starkly desperate problems of so many children, their vibrant response, their energy, imagination, powerful and, often, filled with joy. This includes pre-production, production, and post-production. Students also consider their relationship with the audience and how this can be

communicated through language choices including through appropriate and accurate ways of expressing their meaning through language.

Book Reviews *Multimodal Pedagogies in Diverse Classrooms*: representation, rights and resources

Pippa Stein combines theory with material taken from post-apartheid classrooms in South Africa where students from different Multimodal Pedagogies in Diverse Classrooms examines how the classroom can become a democratic space founded on the integration of different histories, modes of representation, feelings, languages and discourses, and is essential reading for anyone interested in the connection between multimodality, pedagogy, democracy and social justice in diverse classrooms.
