## Richard III: Act 3, scene 7

Kenneth Muir, 1997 , The Arden Shakespeare, London. Virginia Mason Vaughan and Alden T. Unless to see my shadow in the sun And descant on mine own deformity.

## PsyArt: An Online Journal for the Psychological Study of the Arts

Suppression can create sub-conscious complications.

## Richard III: Plot Overview

Richard sets in motion a chain of desires, which he wishes to meet, but which never truly satisfy. Looking at such actions can shed light on the true characteristics of his rule, and that he quite may have been a beneficial part of English history.

## Uneasy lies the head that wears a crown

It is quite possible that the scoliosis was progressive. When we look at this section thinking that Arthur is the father figure whose job it is to force Gawain to abstain from sex, we can realize that Arthur is forcing Gawain's repression by locking him within his armor and giving him a shield to protect him from the desires he may face.
