St George's Day

He joined a long line of martyrs which stretched behind him, and which stretch forward to us today, and to whose number many will be added in the future. I think those two parts of his life are intrinsically connected because his story is a story of growth and development: George finally only succeeded in dealing with the dragon by following Jesus in the way he died.

It has been decided to maintain the church as it is, a burnt-out shell, as a memorial to those who died as a result of the war. Gareth's Sermons: Saint George's Day Sermon 2009

The architect was Thomas Steers and in its initial state the 'Stranger in Liverpool' reports that 'it had originally an elegant terrace, supported by rustic arches, on one side; these arches the frequenters of Red Cross market used to occupy'. In the illustration below we are looking from the top of Lord Street towards the river, and therefore we are facing the west side of Castle Ditch.
