The Divine Imperative Of Moral Excellence

He created men for responsive fellowship with Him, establishing orderly ways of acting in the world. So each religion has fostered a model of human reconciliation with other creatures and God that involves repentance and an active plea that God will mercifully heal creation. The implications of monotheism for what we are saved to overrides its implications for what we are saved from.

How is the divine command theory related to ethics and morality?

For example, if we agree that a moral world is just and compassionate, then the person who is capable of just and compassionate conduct is moral. Leading wisely in difficult times: Three cases of faith and business.

For Paul the problem is practical; it has to do with the sorts of persons we are and whether we are actually able to do God's will.

Revelation and Christian Ethics

Perspectives of the Catholic social tradition.

Life, Death, and the Afterlife

This is often called the Model Argument.

Life, Death, and the Afterlife

Moral absolutism, in turn, falls under the umbrella of, which teaches that actions are moral or not based on their adherence to given rules.

Colossians 3 Commentary

From thankful hearts we can praise God for those faithful men and women raised up who consecrate their talents and abilities to give the gospel wings to the world in this generation. Can the value judgments and the directives of Holy Scripture not assert, in and of themselves, any permanent value, or at least a normative value? In addition, several scholars have published collective works Melé and Dierksmeier ; Melé and Schlag and special issues Journal of Business Ethics, vol 7, n.

Ministry Magazine

Doesn't religion lack uniform and practical moral guidance? This issue contains three papers that establish a dialogue between CST and theoretical and practical approaches to business management. Holy living is one of these results; and we can be confident of this prospect because Jesus is Lord of all. The departure from divine revelation has brought our culture to chaos in the area of ethics.
