Department of Agriculture, Land Reform and Rural Development > Home

Clearly as Zimbabweans we still need to put our house in order and focus on what is important. I hold a meeting with people in the ward every two months. Production on some commercial farms has continued, where settlers have adopted a pragmatic approach of coexistence, or where land committees have operated to resolve disputes.

Land Reform Revisited

Apart from fiscal measures like imposition of higher land taxes, zoning etc. The reformers may proclaim certain objectives merely to appease the peasants, to undermine opposition, to win international backing, or to safeguard their own positions. Just as one example, rainfall data in 2013 are still largely being made up.

Land reform management and building a better business

Zimbabwe is ours and we are ready to die for what we believe.

Land Reform and the Green New Deal

Despite the new laws, the government land acquisition and resettlement in practice slowed down. Any country who steals the farms that produce food and give it to warvets or ministers or judges, is criminal. I hope the book is also correct on the claims that agricultural productivity in Zimbabwe is recovering, but I will remain sceptical until you return after your trip either that, or official estimates improve, whichever comes first.
