The Valley of Silent Men: A Story of the Three River Country

And there it is that the shriek of a mad locomotive mingles with their age-old river chants; the smut of coal drifts over their forests; the phonograph screeches its reply to the violin; and Pierre and Henri and Jacques no longer find themselves the kings of the earth when they come in from far countries with their precious cargoes of furs. It is somewhat difficult to find on the map, yet it is there, because its history is written in more than a hundred and forty years of romance and tragedy and adventure in the lives of men, and is not easily forgotten.

COMPLETE: The Valley of Silent Men by James O. Curwood

Who is this strange girl Jean-Marie, and why won't she give him his freedom? Will the pair be able to make it back alive? If so, note the words and the time.

James Oliver Curwood

HTML version by Al Haines.

The Valley of Silent Men by Curwood James Oliver

He had always more or less regarded life as a joke—a very serious joke, but a joke for all that—a whimsical and trickful sort of thing played by the Great Arbiter on humanity at large; and this last count in his own life, as it was solemnly and tragically ticking itself off, was the greatest joke of all. For it was Pierre and Jacqueline, Henri and Marie, Jacques and his Jeanne, whose brown hands for a hundred and forty years opened and closed this door.

Then one day, one of those traders happens to show up at their cabin, and what follows is some close calls and long trips across the barrens of northern Canada that uncovers clues to the whereabouts of the notorious Scottie Deane and his wife, and all deal with near death experiences

primarily due to loneliness, bitter cold, and fatigue, not to mention the red death.
