**Back Matter on JSTOR**

If these knights approve what I say, postpone this kiss until the third day, when Erec will be back.

**An Anglo**

For Dame Edyff and Athelston's queen it is not marital union that is impeded, but reunion and reconciliation of family members brought about through their personal sufferings.

**The Birth of romance : an anthology : four twelfth**

But this much I will promise you; that if I can, I shall yet avenge my disgrace, or increase it.

**Arthurian Romance**

Chapters describe the origins of early verse romance in twelfth-century French and Anglo-Norman courts and analyze the evolution of verse and prose romance in France, Germany, England, Italy, and Spain throughout the Middle Ages. Horn, for instance, becomes a child exile, serves two different foreign kings to prove himself, and eventually wins back his rightful kingdom from Saracen invaders.

**French of England Translation Series (FRETS)**

There was a maiden near at hand, very honourable, prudent, and virtuous.

**The Exploitations of Medieval Romance**

Both works were widely influential in translation, and each has claims to be regarded as the first pastoral romance, but in spirit is the true inheritor

of the romance tradition, giving it, in alliance with the pastoral, a new impetus and direction. Yvain, Erec, Lancelot, and Perceval, has been forgotten; whereas posterity has been kinder to his debtors, Wolfram von Eschenbach, Malory, Lord Tennyson, and Richard Wagner.
