The central truth, the incarnation in Robert Browning's poetry

And what he says here constitutes the philosophy he wishes to advocate in all his. Pen had a memorial plaque to his father installed on the Palazzo Rezzonico and contributed to a window commemorating him in the English church in Venice.

'Bring me that Kiss': Incarnation and Truth in William Morris's The Defence of Guenevere, and Other Poems†

Bells and Pomegranates Browning believed that Sordello would make his reputation, but for the next two decades it had the opposite effect, as its critical reception was almost universally condemnatory. Leopold, whom Barrett Browning had at first admired, had proved to be a coward; and, rather than agree to the formation of a constituent assembly of the Italian states in Rome, he had left his Florentine palace and joined the exiled pope in Gaeta. In other words, the utterance by the fictitious speaker is lyric to the degree that it is expressive of self, and dramatic to the degree that it is suggestive of conflicting motives and tendencies.

Mysticism, Meaning, and Structure in Browning's on JSTOR

He says old age is the best part of life. The objective poet is the 'fashioner', with the work so fashioned 'substantive, projected from himself and distinct'.

Intimations of Incarnation by Louis Markos

Amid all the military activity Elizabeth was pregnant, and gave birth to a son, Robert Wiedeman Barrett Browning soon called Pen, on 9 March 1849. However that may be, two poems, each of them extremely well known, are placed side by side, and their juxtaposition represents one vast revolution in the poetical manner of looking at things.

Robert Browning: Poems Themes

He says persistent struggle gives meaning to life; it does not matter so much if the struggle achieves nothing but failure. Thanks to inheritances from her grandmother and her uncle, she was the only one of the brothers and sisters who was independently wealthy.

English Literature Essays: Browning is an optimist

The poem ' became notorious for its obscurity', partly because Browning unreasonably assumed that his readers would be familiar with the thirteenth-century Italian history that was key to its narrative structure. But to the poet this was no drawback, for, in his opinion, conventional formal unity and logical coherence were attributes merely of poetry of the past.
