How Did God Get Started?

No discussion of monotheism would be complete which failed to note that some major theistic traditions contain strands which, on their face, seem at odds with their commitment to monotheism. It follows that if H and non-H are real but contingent properties of two divine beings, they are neither identical with nor equivalent to D. Olympian gods and goddesses looked like men and women though they could change themselves into animals and other things and were—as many myths recounted—vulnerable to human foibles and passions.
