### Mushaf Al

Northern Chinese, Manchu and Korean cooking styles all find their traces in Manchurian cooking. Harbin, more than any other city in China, possesses significant Russian influences: there are many Orthodox churches that have fallen out of use since the Cultural Revolution.

### North China

The Comparable in size to the Northeast Plain, most of the lies at elevations below 160 feet 50 metres, and the relief is monotonously flat. The first of his branch is Ad-Doorec.

### China

With the encouragement of the, the area

was used as a during the Civil War for the, who were victorious in 1949 and have been controlling this region since. The name of this inam is: Muhammed bin Al-Mutawakkil Al-Lu'lu'ee Al-Basree. The western part is higher, with the highest peak, Mount Taibai, rising to 12,359 feet 3,767 metres.

### What is the Chinese language?

In addition to China, Mandarin Chinese is an official language in several other countries in Asia. This region's often cold climate makes it hard to grow or produce much of anything and growing seasons are correspondingly very short. Major cities include, , , and , all with several million

Filesize: 11.59 MB

inhabitants.

### **What is the Chinese language?**

All versions of spoken Chinese are part of the same family, which is part of the Sino-Tibetan language group.
