TANK STRATEGY GAMES

After linking up at Grozny, the Caucasus army group can strike through Blagdernoe and Elista to link up with the northern army group at Stalingrad, taking other cities such as Ilinka, Kotelnikovo, and Jutovo en route.

Panzer Strategy

If there are unseen enemy forces in the area, especially air units, your entire army could be in danger.

Panzer General/Getting Started — StrategyWiki, the video game walkthrough and strategy guide wiki

For example, should you assign an artillery officer to command a fighter unit, since there are no dedicated fighter commanders left? However, that is not always possible, for whatever reason. The Americans are mostly inexperienced, but they have good equipment and outnumber you, especially in the air.

Any guides or anything? :: Panzer Strategy General Discussions

Part of staying focused on objectives is making and implementing a plan and keeping your forces organized accordingly. Smashing Axis airpower early on is a priority so you can attack their ground units on the march with impunity.

Strategy Guide

Just watch out for hidden artillery.
