L D Landau & E M Lifshitz

Finally I get this ebook, thanks for all these Electrodynamics Of Continuous Media L D Landau E M I can get now! De este libro, escrito por físicos y destinado a físicos, nos han interesado, naturalmente, cuestiones que de ordinario no se exponen en los cursos de teoría de la elasticidad; tales como, por ejemplo ciertas cuestiones relativas a la conductibilidad térmica y a la viscosidad de los sólidos, o toda una serie de problemas de teoría de las vibraciones elásticas y de las ondas. Solving these equations, the singular specific heat and magnetic susceptibility are determined in the 4--epsilon -dimensional space. .
