## Crossing the Academic/Vocational Divide: Personal Effectiveness and Autonomy as an Integrating Theme in Post

Can learners understand how this lesson fits into the planned SOW? What voice do learners have and how are their comments recorded and acted upon? Rapid industrial expansion during the nineteenth century made it necessary to provide some form of relevant training for industrial workers.

## Teaching, Tutoring and Training in the Lifelong Learning Sector: Third edition (Achieving QTLS)

Does the lesson fit into the planned SOW? For Kolb, there are four processes to undertake when engaging in critical reflection — and each process follows the next, in sequence, as a cycle: 1. Alex: Yeah, but this is Ofsted, remember. Remember this is an observation two-thirds of the way through training, so by now trainees should be familiar with their learners and the institutional mechanisms they can draw on when work set is not carried out.

Use it to note down the opportunities for improving and consolidating communication at each stage of the lesson, whether this is about organising the teaching environment so as to optimise eye contact, or a reminder to yourself to consciously observe your use of vocabulary or body language.

## Roles of teachers in e

More contentious and therefore fascinating to research are the variety of ways education constructs national identities. But the advantage would be that some learners who would otherwise have failed will all have been given a chance now of passing.

Reflection and self evaluation NQF level 5 When drawing up the lesson plan for your next teaching session, include a column headed Reflection. Teacher education is academic, and yet also practical. Briefing them several times beforehand seemed to work well, and the work sheets kept them busy on the coach, so that although they were exchanging answers and doing lots of talking they were most of them on task for most of the

time.

### **Teaching, Tutoring and Training in the Lifelong Learning Sector: Third edition (Achieving QTLS)**

A collaborative project might involve planning a scheme of work, drafting a policy, or writing a book. Well, we know that from the feedback.

### **Entering a new field: Evaluation in the workplace**

Many teachers — and certainly many trainee teachers — find reflection difficult and equally find theory somehow distanced and separated from their experiences of their own practice Griffin, 2003. And make sure the insurance covers us for incidents like this.
