## snowflake

I even see a worried emoticon grabbing their head out of concern. If they could even worry about something like that. Miscellaneous There are just so many possible words that can be added with an emoticon.

Depending on the expression of the emoticon, the tone of the writing they are doing can be identified.

## KAYAK's New Emojis Just Made Travel Searching Way More Fun

It sort of looks like something got into their eyes, like a bug or maybe some sand. The words often have sappy, sad emoticons to express how sorry they truly are. You would be surprised how often you say this word in a single day if you start paying attention to it.
