

Quaternary stratigraphy in southern Alberta

Dept. of Energy, Mines and Resources - publicationsoferickarlstrom

Description: -

-

Astronautics in astronomy.

Gamma ray bursts.

Geology -- Alberta.

Geology, Stratigraphic -- Quaternary. Quaternary stratigraphy in southern Alberta

-

no. 8

Institute of Government. University of Utah. Research monograph 69-26, etc.

Paper (Geological Survey of Canada) ;

Geological Survey of Canada. Paper 69-26-Quaternary stratigraphy in southern Alberta

Notes: Includes bibliographies.

This edition was published in 1969

Filesize: 66.101 MB

Tags: #Quaternary #stratigraphy #and #geomorphology #of #the #Central #Okanagan #Valley, #British #Columbia

Limits of Successive Middle and Late Pleistocene Continental Ice Sheets, Interior Plains of Southern and Central Alberta and Adjacent Areas

Note also that the river channels are generally oriented either northwest-southeast or northeast-southwest.

Subcommission on Quaternary Stratigraphy

The hydraulic gradient drives the flow of subglacial meltwater Shreve 1972. In spite of its small size, this example clearly illustrates that sequence stratigraphic principles apply to lacustrine as well as marine settings and at all spatial and temporal scales.

publicationsoferickarlstrom

Chapter 1 provides an introduction and background to the thesis topic.

Quaternary stratigraphy and geomorphology of the Central Okanagan Valley, British Columbia

G 47 Four east-west seismic profiles sites were chosen, as well as one north-south seismic profile.
