The Conservative Party's manifesto and policy on nuclear weapons

They did not go on to keep his feet to the fire, make him do something. They argue that the new capability should give Tehran pause before it contemplates any major attack on the United States or its forces.

Biden Stays Silent On Iran As His Team Works To Break Nuclear Impasse

National policy affirmed by two previous administrations includes the possibility of nuclear use against Iran, while the experience in war gaming such scenarios—and not just against Iran—exposed weaknesses in the ability of Strategic Command to carry out such a presidential order. At the same time, it could address the realities of the twenty-first century that others deem intrinsically necessary. President-elect Joe Biden's defense secretary nominee, Lloyd Austin, dodged questions from senators about how he would update America's nuclear weapons as China and Russia increase their own stockpiles.

The US reacts to the nuclear attack.

Biden stays silent on Iran as his team works to break nuclear impasse

Biden has said the US will rejoin the nuclear deal once Tehran fully complies with the pact again. One administration official told CNN there is growing concern that Iran's nuclear enrichment activities have made the potential for a renewed nuclear deal all but impossible. So, in the early 80s the largest mobilization in American history took place, opposing the enormous threat of nuclear weapons.

With a New Weapon in Donald Trump's Hands, The Iran Crisis Risks Going Nuclear

We should talk about that, too. Two years ago, it reached the closest point it had ever reached since 1947. Noam Chomsky warns that the Trump administration poses a unique threat to humanity, and its most reckless policies are receiving far too little attention.
