But the photo is misleading. A hanger is molded into the end of the grip.

The Straight Left and How to Cultivate It: The Deluxe Edition by Jim Driscoll

Your shoulders and hips should naturally turn once your arms start ascending past parallel. When you start focusing on these , the club starts going exactly where you want it to instead of you trying to move it there with your arms and hands, which is what everybody does. Allow your shoulders, chest and hips to be slightly pulled around.

The truth about keeping your left arm straight

Taller players require more bend at the waist. Why would my left arm bend? The green snips are meant for right hand curves but can also do a straight cut but if you needed a left hand curve they would struggle.
