The Lost Forest Gardens of Europe

At the outset, Simms puts forward the argument that the Holy Roman Empire and its successor states In this impressive survey of European power politics since the fall of Constantinople, Brendan Simms builds on a theme familiar from his earlier works on Prussia: the primacy of foreign-policy over domestic politics. I read a ton of books in college but this stands out as one of the better ones.

History of Modern Europe

Many people wanted to leave war-torn Europe and come to America. Stupid AP European History book.

A History of Modern Europe: From the Renaissance to the Present by John M. Merriman

They also got jobs in America's new factories, where conditions could be dangerous, making shoes, clothing, and glass products. The Iberian pig, a Spanish landrace that is made into the world-famous jamón ibérico, is very similar to its Neolithic ancestors — a mix of swine and wild boar genetics.

The Cambridge Economic History of Modern Europe. Volume 2: 1870 to the Present, ed. Stephen Broadberry and Kevin H. O'Rourke, The English Historical Review

To all lovers of History, a magnificent book is waiting for you.

World History Timeline

WWII- early modern Europe ca. These extreme conditions caused mass immigration of Irish people to the United States.
