Детерминанты демографического перехода на глобальном юге

Nevertheless, it is clear that those states who attempt domestic economic reform must also change their attitude to the nature of the international economy, seeing less class struggle and more international division of labour. Like China, Vietnam has made important strides in reforming its foreign economic policy.

Full text of ADA371895: USSR Report, International

Taking into account the fact that Latin America, which is taking the entire burden of the crisis, exceeds other regions of the developing world in terms of economic development, and, consequently, possesses greater opportunities for intra-regional economic cooperation, many of the forum participants pointed to the need to infuse the integration processes on the continent with new meaning.

Детерминанты демографического перехода на глобальном юге

Решение получено в тригонометрических рядах для трех видов загрузки однопролетной шарнирно опертой балки. However, it was not necessarily clear that professionalism also had to mean a greater say for the military interest group in civilian decision-making as was the case in the Soviet Union. Razuvayev; LATINSKAYA AMERIKA, No 1, Jan 86.

Истории с неочакван край

The Soviet Union could have done without such crises, but its more conservative leaders could feel satisfied that the East Europeans knew they had to get on with the Soviet Union because the West would not bail them out.

В данном случае всасываемая свая воспринимает вертикальную нагрузку от сооружения и горизонтальную нагрузку от ветрового, волнового и ледового воздействия на сооружение рис. В более широком смысле быстрый рост населения создает угрозу глобальным экономическим, политическим и экологическим системам. За исключением некоторых азиатских стран, демографический переход завершен или близок к завершению.

вестник Научно

What is the essence of this lesson? It was a product of the same powerful coalition of ideological and bureaucratic monopoly-producer interests which blocked the development of the economic reforms. Между тем и избирательный уход, и подкидывание или отказ от родительства, и инфантицид - вне зависимости от степени соответствия такого поведения преобладающим этическим нормам и закону - демографически и экономически малоэффективны, ибо представляют собой коррекцию уже достигнутого репродуктивного результата, а ресурсы по уходу за ребенком, которым родители впоследствии пожертвуют, оказываются непроизводительной затратой.

In the course of the analysis, it becomes clear that the openness often had a major impact on the shape of the international system, and what follows is a brief preview of the changes, all the while recognizing that causes of change in the international system are no less hard to identify than causes of reform in communist states.
