Means of surveillance are now far more sophisticated than the wiretaps the FBI used to spy on King. It argues that the agency of movements emanates from within oppressed communities—from their institutions, culture and creativity. Social Movements: Identity, Culture and the State.

Power in Movement: Social Movements and Contentious Politics

Gamson predicted the publication of a third edition of the book within a half-dozen years. However, the monosubject image of the movement, according to the American sociologist, political scientist and historian Charles Tilly, is unacceptable for the researcher, who should be aware of the complexity of this type of collective action.
