Big Chico Creek Map (Lower Bidwell Park)

Becoming prevalent in Lower and Middle Park from experimental plantings at the old Bidwell Forestry Station now Cedar Grove in Lower Park. Below Bear hole is very dangerous, my dog was swept under a boulder a few days ago, I did get her out, but just barely.

Full text of pipe

The important thing we are asking is for someone to meet with us to give input and ideas on the direction of the garden as a resource for community education.

CN&R • California Native Plant Society

Suppressing invasive exotics in Butte County and the restoration of native plants are just two of the activities of the Mt. Participate in one of the many January 2013 Community Broom removal work weekends to be held throughout Butte County. Roadside meadows dry and wet and forests will be visited, cul- minating with the area of Humbug Summit at 6714 feet - the highest spot in Butte County reached by a good dirt road.

California Watchable Wildlife

The plan is to survey for late season plants on the basalt, bordering forest, shrubby areas and a hillside meadow. Per year: 2,000 hours Friends of Bidwell Park has hosted three to four three-hour work sessions a week for nine years. Tucker Hall and a hands-on science classroom, Kristie's Nature Lab.

Bidwell Park

Diversion Dam is not made for swimming, but is still a great place to visit for its unique views. It is a pretty difficult spot to get to so I assume few people would have seen it.

Bidwell Park

Butte Creek Trailhead is off Doe Mill Road.

Vascular plants of Upper Bidwell Park, Chico, California (1986 edition)

Just before Red Bluff, Hwy 99 turns into four lanes and Hwy 36 goes to the right, take it and proceed to Dales Station, then left on Manton Rd. Although the lower park contains an abundance of wildlife as well, this Watchable Wildlife area is found in the upper park or Upper Bidwell Park.

Potentially Invasive Plant Species In Bidwell Park

Lowell Ahart comparing leaf variation of Greater Periwinkle *Vinca Ma-* jor.
