Selected Short Bibliography of American Literary Naturalism

Lexington: The University Press of Kentucky. I begin by arguing that a consistent general naturalism must be understood in terms of methodological maxims rather than metaphysical doctrines.

Naturalism (literature)

New York: Cambridge University Press, 1995. He covers a wide range of topics, from the Scopes Monkey Trial to claims about the religious significance of extraterrestrials. One of America's most influential social critics, Thorstein Veblen authored works deeply rooted in evolutionary biology and American philosophical naturalism.

Filesize: 35.108 MB

Ruse, Michael [WorldCat Identities]

Albany: State University of New York Press. He also considers neo-Darwinism, which is how most people today understand his work. Book 15 editions published between 2003 and 2006 in English and held by 1,263 WorldCat member libraries worldwide. Recent advances in medical research have shown that embryonic stem cells can be used to treat some of the most debilitating diseases, notably Parkinson's disease, spinal injuries, and nerve cell damage.

Modest Evolutionary Naturalism

Ha fondato la rivista Biology and Philosophy.

Evolution and the Diversity of Life: Selected Essays by Ernst W. Mayr

Berkeley: University of California Press. The movement largely traces to the theories of French author. The protagonist, Miss Emily, was forced to lead an isolated life, and that - combined with her mental illness - made insanity her inevitable fate.
