Flying to the Moon: An Astronaut's Story by Michael Collins

It tells about his interest in flight and how he ended up as a test pilot and then as a part of the test program.

Michael Collins assassinated

Article content After a short stint in government, Collins became director of the National Air and Space Museum, stepping down in 1978. Collins was therefore moved to the CMP position on the Apollo 8 prime crew, and Anders became the LMP. In London, where he lived until the age of 24, Collins worked variously for the post office and a stockbrokers, as well as studying law at Kings College.
