The House at Pooh Corner

It has since become one of Loggins' most popular and beloved compositions, and it remains a staple of his live performances. We cater for almost all dietary requirements vegetarian, vegan, gluten-free etc so there is always something to suit everyone in our tea room! To be informative, the ten chapters tell the tale of how a house is built for Eeyore, the arrival of Tigger, the search for Small, when Tigger and Roo climb a tree, the mystery of what Christopher Robin does in the mornings, the invention of Pooh sticks, the unbouncing of Tigger, the destruction of Owl's house and the search for a new one, and finally when Christopher Robin and Pooh leave.
