Alison Townsend: Response & Bio

And African Americans and Hispanics tend to have lower rates of suicide than whites, possibly because of stronger community connections, or because of different expectations.

Boomers at Midlife: The AARP Life Stage Study

Courtesy of Murray family There are no large-scale studies yet fleshing out the reasons behind the increase in boomer suicides. Along with that, I feel like there should be some better options of service. Do you feel that it is her intention to represent this group? Because of how differences are magnified in youth, it might well have been harder for me to recognize her as a peer then, than it is to see our commonalities now.

Writers have the world at their fingertips. In addition, quantitative and qualitative developmental changes occurring from the forties to the fifties and the sixties are considered.

Baby Boomers hit midlife: If you snooze, you lose

First, the literature reviewed focuses specifically on research relevant to baby boomers and their development as adults, rather than a global perspective on middle age. Take a guided tour of Baltimore, Boston, Chicago, Denver, Los Angeles, Nashville, New Orleans, New York City, and many other cities. All the time, I know you are with me Now is the time to be who I want to be.

Are You Experienced? by Pamela Gemin

Midlife's insights - whether they be physical, spiritual, or emotional - are indeed startling, and who better than poets to deliver them? Part II: Physical and Mental Health Issues. The proposal also has some well thought out practicality as well.

Are You Experienced

Gemin has published in journals such as Green Mountains Review, Rattle, and Prairie Schooner, and has had both her poetry and anthologies featured on.
