The house in good taste : De Wolfe, Elsie, 1865

It's a just a house of old shit furniture in styles, the stuff from somebody's granny's house who never had any thing nice and what things she had were not increased in value by the short passage of time since she bought them. Description: New York: The Century Co, 1913.

The House in Good Taste.

Bound in grey cloth with a decorative illustration on the cover.

House In Good Taste by Wolfe, Elsie De

BW and some color illustrations. Contents: The Development of. . . Description: New York: The Century Co. Because of the original design with many high-ceiling rooms - the interior of this house isn't going to have an open floorplan feel or the other features modern homeowners want.

The House in Good Taste

To create this next layer I cut a piece of and then I tore the edge and shaded this in using a and adhered it to the card front over the shaded area. Frontispiece photograph with facsimile signature, protective tissue. I'd basically retain the Victorian style but in lighter colours, paint all the wood white, and put in lots of chandeliers to add more light.

Elsie Rooftop

. Pale blue boards with illustration and gilt stamped lettering.

Elsie de Wolfe, The House in Good Taste, 1913

Hardcover with dustjacket, reprint published 2004 by Rizzoli. Segments removing all the furnishings and putting them in a warehouse where you could then determine the history of the pieces and shop for which will be returned to the house and which will be sold off or trashed. You'd better bring deep pockets and be prepared for a lot of expensive surprises.
