Rita, Sue and Bob Too

The next day, Sue goes to Rita's house to walk to school together. They are the drivers, owners, tuners, photographers, representatives and manufactures who made it all happen in the dragster and funny car classes. While each of us might be able to recall personal experiences with many of those listed, their full history -- and thus place in the quilt of all that is our sport -- is pretty much lost.

Bob & Carol & Ted & Alice

He settles down and even chats and drinks with the man. It also turns out that Bob previously had an affair, discovered when Michelle found his mistress's bracelet in their bed; the mistress had also been their babysitter. When Bob arrives to take her away, Sue is enraged and tells them both to get lost.
