I definitely would recommend, but read the first one in the series first! To solve the crime, they must track down the lyrics and history of an obscure song through the south of France, while people are murdered around them.

The Lark's Lament: A Fools' Guild Mystery by Alan Gordon, Paperback

I found the switching of points of view from chapter to chapter a little disorienting since the voices all sound much the same, even the blacksmith in Montpellier giving as good as he gets, and I would have liked more depth to the main characters. I didn't bother guessing the mystery for this book since I knew that I just wanted to be along for the ride with these three, four if you count Portia, fools. Limited Edition Vinyl Boxed Set.

The Lark's Lament book by Alan Gordon

In this volume, Theophilus, the fool, is on a mission to assist the Guild in resisting the efforts of the Pope to eliminate it.

The Road to Red

And a thigh with a desolated horn at five in the afternoon. Who shouts that I should come near! The mystery is solved eventually but not without a number of wrong guesses.

Lament for Ignacio Sanchez Mejias

It does require the reader to stay awake; there were a number of times that I thought I was reading one voice when it was actually the other probably wouldn't happen with an audiobook. What he says is not true! Packaging should be the same as what is found in a retail store, unless the item is handmade or was packaged by the manufacturer in non-retail packaging, such as an unprinted box or plastic bag. I was early on the third whack.
