SR 2003/152 Health and Safety

Regulation 15 provides for a defence in specific circumstances in the case of contravention of the Regulations. Subject to the exemptions in articles 4 and 5, the levy will be assessed by the Board in accordance with article 3, and there will be a right of appeal against an assessment to an industrial tribunal. Regulation 17 makes transitional provision.

Chemicals (Hazard Information and Packaging) Regulations (Northern Ireland) 1993

Regulation 12 requires a person who classifies a dangerous preparation to retain the data used for the classification for at least three years after the preparation was last supplied. From the date of revocation, the Fire Safety and Safety of Places of Sport Act 1987 Commencement No. Increases the range of dangerous substances that you need consent for to store or process; puts tighter controls on the amounts allowed before consent must be obtained.

Chemicals

General provisions as to regulations and codes 5.

Results list of Browse by country

Regulation 11 requires that the packaging of certain substances and preparations be provided with child resistant fastenings or tactile warning devices or both, and sets out the standards to which they shall conform. The amendments broaden the application of the Act to premises of certain additional specified activities. General provisions as to Ordinances 11.

Legislation

Regulation 7 imposes requirements in respect of the particulars that shall be shown on the labels for dangerous substances and dangerous preparations. Regulation 13 provides for transitional periods for compliance with the CLP Regulation. Â Â These Regulations may be cited as the Chemicals Hazard Information and Packaging Regulations Northern Ireland 1993 and shall come into operation on 1st Decemeber 1993.

Control of Substances Hazardous to Health (COSHH) Regulations

Revokes the Docks Regulations of 1925 and 1934.
