### Medicine is a Profession, but Healthcare is a Business

So, the sky is the limit when it comes to how much you can make.

### Doctors go back to school to learn the business of medicine

We wanted the content to be from experts in the financial planning field and non-conflicted. Around the year 2000 I graduated in 2002, hospitals decided they would no longer pay physicians a fixed salary and they would determine their pay by these RVUs.

### A Business of Medicine Class for MS4s

And you can complete the program on-line, on any device, at your convenience. This was the era of the HMO, and costs were relatively contained.

### A Business of Medicine Class for MS4s

Also on focuses on a doctor who serves a very specific clientele, the kind with a lot of cash and a lot of secrets.

### Business of Medicine: MD Education: Feinberg School of Medicine: Northwestern University

DISCLAIMER: The information provided here is for educational purposes only and is designed for use by qualified physicians and other medical professionals. If patients stop coming then you are still on the hook for the loan. Additionally we included topics related to their personal finances as well: retirement planning, personal investing, debt management, and estate planning.

### Medicine is a Profession, but Healthcare is a Business

Perhaps schools could pool resources and take the class online.

### Where Can You Work in Healthcare with a Business Degree?

Detractors contend that while this approach is more lucrative for some physicians and makes care more convenient for their patients, it makes care less accessible for other patients who cannot afford or choose not to pay the required membership fees. In exchange for the retainer, doctors agree to provide enhanced care, including principally a commitment to limit patient loads to ensure adequate time and availability for each patient.
