From surgeon to historian: a search for truth in wartime surgery logs

The counting of deaths attributable to Covid is meaningless today. Another sign that Alma depends on Hebrews is in the former's lack of certain problematic formulations found in Hebrews.

ERIC

Some witnesses are suspected of being liars; their testimony is handled with suspicion. One of the more challenging critical views about the Bible that I encountered and came to accept was that the last half of Isaiah, chapters 40-66, did not belong to the eighth-century figure Isaiah who was the author of a significant part of the material in chapters 1-39.

A Search for Truth and Understanding, by Larry Romanoff

Many students find writing the first sentence to be the most daunting part of the entire research process.

Historical trauma as public narrative: A conceptual review of how history impacts present

They will interpret historical events and engage in debate over significant ethical and political dilemmas.
