In this period, he began his lectures on hermeneutics 1805—1833 and he also wrote his dialogue the Weihnachtsfeier Christmas Eve: Dialogue on the Incarnation, 1806, which represents a midway point between his Speeches and his great dogmatic work, Der christliche Glaube The Christian Faith; the speeches represent phases of his growing appreciation of Christianity as well as the conflicting elements of the theology of the period. Indem Friedrich Schleiermacher seine Schneisen in das unüberschaubare Gebiet der Erziehung schlägt, wirkt er auf diejenigen, die sich mit seiner Theorie beschäftigen. Religious feeling therefore is the highest form of thought and of life; in it we are conscious of our unity with the world and God; it is thus the sense of absolute dependence.

Kurt Nowak: Schleiermacher. Leben, Werk und Wirkung

While therefore we cannot, as we have seen, attain the idea of the supreme unity of thought and being by either cognition or volition, we can find it in our own personality, in immediate self-consciousness or which is the same in Schleiermacher's terminology feeling.
