Song Nan Zhang

This is the story of a virtually unknown chapter of American history. Linder's recollections supported so many of the fond memories I have of this wonderful country and it's people. Facciamo conoscenza della quotidianità di un bambino sensibile, creativo e determinato.

Pearl S. Buck

This is an exceptional, poetic, beautifully-written book. In 1949, outraged that existing services considered Asian and children unadoptable, Buck co-founded Welcome House, Inc. Is this product missing categories? Riots ensue and lives are threatened.

Mao and Me by Chen Jiang Hong

The change is shown in the decor of the house; where once was a hanging of a tiger, there is now a huge portrait of Mao.

Song Nan Zhang

Fino alle ultime pagine, non sappiamo che il bambino altro non è che l'illustratore in persona, il quale ci narra, attraverso il filtro dei ricordi, la Rivoluzione ai tempi di Mao. The author claims to have been a Kung-Fu Champion that ended up in prison due to various serious crimes.
