Solar and underground houses = Sōra aunda guraundo hausu (Book, 1981) [play.fridaynightfunk.rf.gd]

In summer it's been 96 outside and 79 inside, so I don't need air conditioning. I got the idea for a triangular air vent by noticing how exactly that heavy grate fit without cutting it if I put it where it obviously belonged photo 1.

How To Build An Underground, Off

Code Compliance No code stops you from burying a house, but there is a code that makes it quite miserable: All sleeping spaces must have a window to the outside. Pacific Northwest tree frogs are one of the tiny predators that keep insect levels in check, and the natural cycle of plants, fungi, bacteria and insects maintains the soil balance. Carson got into the real estate industry because he loves the feeling of handing over the keys to a new home to happy clients.

Underground Greenhouses

There is an extension of the trench downhill from the SouthEast corner.
