## MA Visual Practice

The program provides students with focused professional skills in two self-selected areas of studio art to develop a fully formed and thoughtful body of work with conceptual impact. This lecture and cocktail function marked the launch of the VC strategic initiative in Archive and Curatorship, ARC: the Visual University and its Columbarium 23 August 2011 Hiddings Hall, UCT's Hiddings Campus, Orange street, Gardens Today's university employs a wide range of image-making and image-interpreting practices: doctors, lawyers, scientists of all sorts, engineers, humanists, and social scientists all produce images and make arguments about them in different ways. This talk assessed the state of scholarship on links between art and science, arguing that it is possible to consider images in various fields without using tropes from the humanities or social sciences as explanatory tools -- in other words, by letting the different disciplines speak in their own languages.

## Art Practices

This partnership brings big-name creatives in contemporary visual arts, glass, ceramics and performance to the city; showcases exciting local talent; and gives our students unique experiences including exceptional career-enhancing opportunities.

## Visual Practices Across the University

Please contact the Student Admin team on or 0191 515 3154. This chapter describes the need for visual literacy across various other fields of expertise like humanities, biochemistry, astronomy, and other subjects.

## **MA Visual Practice**

Studying here puts you at the heart of an international network of professionals in the glass and ceramics sector.

## **Photography Practices**
