. In 2009, the opposition was extremely weak, fielding little-known candidates with no credibility.

### 2009 Indonesian presidential election

Uno, a 49-year-old self-made billionaire, has attracted young people with his energetic persona, good looks and successful business background. Rather than go into opposition, many prefer to line up behind the president in the hope of winning access to Cabinet seats, protection from prosecution for corruption, or other forms of patronage. In: Proceedings of the 28th ACM conference on hypertext and social media.
