Acting and Actors

The world is going through a rough time right now. Several of your favorite Hollywood A-list actors all employ different acting techniques to make their character come alive. Actors in movies may also travel to work on location.

Acting and Actors

Bureau of Labor Statistics, Employment Projections program Employment of actors is projected to grow 3 percent from 2019 to 2029, about as fast as the average for all occupations. Being exposed to industry professionals at a culminating point in their education gives our students an edge in building the necessary connections as they go out into the world, so we bring casting directors and agents to the campus to meet advanced students.
