The Surprising History of the 18th Century's Educational Influence

This has led to black people being almost entirely written out of the version of British history taught in schools, says Lavinya Stennett, the founder of , an education social enterprise that delivers black British history in schools.

Black British history: the row over the school curriculum in England

Without the inclusion of other aspects of

black history and a broader understanding of empire, the focus on slavery, though crucial, can reinforce narratives of black people as victims. A radically pluralistic system of public, private, and for-profit two- and four-year training institutes and colleges and professional and graduate schools, the American system is generally regarded as the best in the world.
