Building a personal mythology not only provides meaning, but also constitutes a celebration of our lives. This book challenges those that are repeating stories to begin to tell new stories of their lives and experiences. The authors address life's main conflicts, and structure the basic questions to be answered by the reader in terms of Joseph Campbell's work.

Finding our mythic ground

This is a brilliant book for those who believe in journaling as a therapeutic path. Descartes confined soul to the pineal gland, a little enclave between the opposing powers of internal mind and external space. The intellect has a propensity for storytelling.
