The Action Plan contains over 50 actions across 13 goals.

Humanitarian Action for Children Appeal

The state was required to supply free birth control devices such as , , and birth control pills and to provide facilities for individuals who are eligible for abortions. In Slovenia, for instance, national and municipal authorities are obliged by law to inform the Youth Council about draft regulations that will affect the life and work of young people. This brief guidance offers advice to schools for annual standards and quality reporting.

2019 National Improvement Framework and Improvement Plan

Complete As set out above, the self-evaluation framework was made available in June 2018. Further support for the self-evaluation of family learning was re-forecast to be completed by March 2019.

The full range of SCEL programmes continue to be provided and expanded within the enhanced remit of Education Scotland. Gilson L, Magoni M, Mkangaa E. .

Bottom

We will work with Education Scotland and GTCS to undertake a review of Initial Teacher Education programmes to report by April 2017, to ensure that they provide appropriate detail on content for literacy, numeracy, health and wellbeing, data literacy and equality across both primary and secondary sectors. Complete In April 2018, a further £120m of Pupil Equity Funding PEF was allocated directly to schools for headteachers to spend at their discretion on additional staffing and resources targeted at closing the poverty-related attainment gap. The Outcome Agreement process has been intensified, ensuring expectation of greater collaboration within regional partnerships and a step change in provision of vocational programmes in the senior phase.

Bottom

The Excellence in Headship programme was introduced during 2017 and will continue to be developed throughout 2019 to offer enhanced leadership professional learning opportunities for headteachers. Governments must therefore seek to anticipate the impact of mitigation and recovery measures both within and across different age cohorts to avoid widening inequalities. The peak wave of abandonment occurred in the 1990s, with a smaller wave after 2000.
