Rationalism places emphasis on reason as a source of knowledge. Instead, I will treat it as a freestanding work, concerned with a particular, fairly well circumscribed era of philosophy.

Philosophy in the Modern World. A New History of Western Philosophy Volume 4

The old traditional philosophies also began to reassert themselves in the 20th century. The Dane pursued his own lonely trail of thought.

A New History of Philosophy: Modern by Wallace Matson

In the 18th century, questions of how we come to know what we believe we know epistemology , and new ethical schools began to form. First, historians are interested in providing conceptualizations and factual descriptions of events and circumstances in the past.

Philosophy Break

Zhu Xi compiled the Confucian canon, which consists of the the , the , the of Confucius, and the. This approach was a deeply impoverished one, and handicapped from the start in its ability to pose genuinely important questions about the nature of history and historical knowledge. What analytic philosophers of the 1960s did not come to, but what is crucial for current understanding of historical causality, is the feasibility of tracing causal mechanisms through a complex series of events causal realism.
